

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1 – 162. (Canceled)

163. (New) A transdermal delivery system comprising a backing layer and an adhesive polymer matrix affixed to the backing layer, wherein the adhesive polymer matrix comprises:

- (a) an adhesive polymer;
- (b) a humectant;
- (c) a combination of skin permeation enhancing agents comprising dimethyl sulfoxide; a fatty (C₈-C₂₀) alcohol ester of lactic acid; a lower (C₁-C₄) alkyl ester of lactic acid; and capric acid;
- (d) a progestin; and
- (e) an estrogen.

164. (New) The transdermal delivery system of claim 163, wherein the adhesive polymer is a polyacrylate copolymer, a polyisobutylene or a silicone adhesive.

165. (New) The transdermal delivery system of claim 164, wherein the polyacrylate copolymer comprises a 2-ethylhexyl acrylate monomer.

166. (New) The transdermal delivery system of claim 165, wherein the polyacrylate copolymer further comprises about 3 to 60% w/w vinyl acetate.

167. (New) The transdermal delivery system of claim 163, wherein the humectant comprises polyvinylpyrrolidone.

168. (New) The transdermal delivery system of claim 167, wherein the humectant comprises a polyvinylpyrrolidone copolymer.

169. (New) The transdermal delivery system of claim 168, wherein the humectant is a polyvinylpyrrolidone/vinyl acetate copolymer.

170. (New) The transdermal delivery system of claim 169, wherein the polyvinylpyrrolidone is formulated in an amount of about 60% w/w and the vinyl acetate is formulated in an amount of about 40% w/w in the polyvinylpyrrolidone/vinyl acetate copolymer.

171. (New) The transdermal delivery system of claim 163, wherein the fatty alcohol ester of lactic acid is lauryl lactate.

172. (New) The transdermal delivery system of claim 163, wherein the lower alkyl ester of lactic acid is ethyl lactate.

173. (New) The transdermal delivery system of claim 163, wherein the progestin is levonorgestrel.

174. (New) The transdermal delivery system of claim 163, wherein the estrogen is ethynodiol diacetate or 17 β -estradiol.
